Packed with **GROW POWER**

The 3 T's that never vary

Taste

Carolina's Pride meat products processed in small batches, each batch carefully tasted—tested, insures fine flavor every time.

Tenderness

Only choice, young, grain-fed porkers are selected to insure greater tenderness. Each small batch is rigidly tested before going to market.

Texture

Just as in the cakes you bake, no meat product can be a real treat without fine texture. Each small batch must pass our strict texture tests before it is labeled Carolina's Pride.

DOUBLE YOUR MONEY BACK

Each time you buy a Carolina's Pride product, you must be completely satisfied. If and when we fail you, tear the label from the wrapper and mail it to us with a short letter telling us what you paid and why you are not satisfied. We'll send you **DOUBLE** your purchase price promptly. Carolina's Pride, Greenwood, S.C.

Carolina's Pride Wieners

Youngsters and adults alike need the vital protein that only meat supplies in such generous quantities. Rich in this vital nutrient, Carolina's Pride Wieners supply the GROW-POWER growing children need for building sturdy bodies, strong muscles and healthy blood. And they provide the same important functions in maintaining balanced health for adults, too.

CONCESSION STANDS

Concession stands are located immediately behind the top row of seats on either side of the playing field. The stands handle soft drinks, sandwiches, cigarettes, popcorn, peanuts, candy, etc. Vendors will sell these items from the aisles, also.

EMERGENCIES

In any emergency of any nature, come to the back of the pressbox. Please remember however, that since important business is being conducted within the pressbox, only cases of strict emergency can be given consideration. Telephone is located in information booth.

RESTROOMS

Ladies' restrooms are located on both sides of the stadium on the East end. Mens' restrooms are located on both sides of the stadium on the West end.

IN LEAVING

In leaving the stadium, please give utmost heed to the directions from the officers controlling traffic. Every care has been taken to move cars from the college campus in the most efficient manner and cooperation from drivers will speed up the process considerably.

1957 FOOTBALL RULES CHANGES

by CHARLES W. TUCKER, Jr.

"Hey, Mr. Referee, did you see what that guy did to me? Well, he grabbed me by my face mask and spun me right off my feet, and if he does it again I'm going to let him have it."

Well, "Mr. Referee" didn't see the incident, but if he had, there would have been little he could have done about it as there was no rule covering such a situation. On his own prerogative, he might have ruled it unsportsmanlike conduct, but that would be a pure judgment ruling with nothing in the Rules Book to back him up. In every game there was always some player complaining about another grabbing his face mask and pulling him around, and where the head goes, the body must follow.

Fortunately for all concerned, the Rules Committee took cognizance of this situation and in the 1957 Rules for the first time, there is a 15 yard penalty for any player grasping the face mask of another. If the action is flagrant, the offender may be disqualified from further participation in the game.

Other changes that will be noted this year are as follows:—

OFFICIALS NOW RESPONSIBLE FOR LEGALITY OF SUBSTITUTES RETURNING TO THE GAME

Just to review the bidding, any player who is withdrawn from the game cannot return during the quarter from which he was withdrawn, except a player who started the quarter and he can return once during that quarter.

Up until now, the respective Coaches have been solely responsible for the legality of their substitutes and Officials have not been required to check their eligibility. As of this year, the Referee will be in the market for a small portable electric brain as the 1957 Rules put the responsibility of the legal return of players up to the Officials.

SUBSTITUTES ENTERING GAME MUST REPORT TO AN OFFICIAL

In keeping with the above ruling, all substitutes must now report to an official as was the practice several years ago. More recently, a substitute had only to be recognized by an Official, but now, the number of each substitute must be checked, so it is absolutely necessary for him to personally report to an Official before he can enter the game.

THERE SHALL BE NO DECORATIVE MARKINGS IN THE END ZONE WHICH ARE CLOSER THAN TWO FEET TO THE BOUNDARY LINES OR GOAL LINES

There has been an increasing tendency in the last several years, particularly in "Bowl Games" to clutter up the end zones with all types of fancy designs such as checker boards, lateral, longitudinal and diagonal lines, names of teams, colleges, etc. Because of the fact that the exact location of the goal line or a boundary line in the end zone is of vital importance in declaring a touchdown, safety, or touchback, the Rules Committee has now insisted that there be a two foot space between all markings in the end zones and the boundary lines in that end zone including the goal line. This will be most helpful to Players as well as Officials and Spectators.

IT IS NOW MANDATORY THAT BOTH TEAMS USE THE SAME BALL OR BALLS IN A GIVEN GAME

The referee is the sole judge of any ball offered for play and it is his duty to test and select the ball or balls to be used. A rubber covered ball may be used by mutual agreement of both teams. However, last year either team could ask for a rubber ball on the offense if the ball was approved by the referee before the game started. This led to a lot of confusion and loss of time (trying to locate the manager who was guardian of the ball each time his team went on the offense and vice versa) so this year the Rules Committee has stated that both teams must play with the same ball throughout the game.

DURING THE GAME, SUBSTITUTES, COACHES, AND AUTHORIZED ATTENDANTS SHALL REMAIN WITHIN THE "TEAM AREA" WHEN NOT ENTERING OR LEAVING THE PLAYING FIELD

In the past there was a rule that no Coach, Trainer or Substitute should walk up and down or needlessly approach either side line. To be more specific the Rules Committee has now designated a "Team Area" and insists that the Coaches, Players and other authorized personnel stay within that area. It shall be located on each side of the field between the 35-yard lines and back of the limit line. There is a 15-yard penalty for infraction of this rule which should have a deterring effect on wandering personnel.

From the foregoing it will be seen that there is very little that is new in the Rules this year but, rather, alterations and refinements to the present ones. Despite the fact that each year of college football brings with it new types of offenses and defenses which tend to create new situations, the Rules Committee of The National Collegiate Athletic Association has made a determined effort to keep new rules to a minimum and adapt present rules to fit the changing picture. This attitude on the part of the Committee is very commendable as the game could lose a great deal of its color and excitement if it were allowed to become cluttered and weighted down with complex rulings.

About The College . . .

ESTABLISHMENT

The Senate and House of Representatives of the State of South Carolina drew up an Act of Acceptance of the will of Thomas Green Clemson authorizing the establishment of Clemson as the Agricultural and Mechanical College of this state Nov. 27, 1889. Clemson was a distinguished scientist of his day and served as the nation's first superintendent (now secretary) of Agriculture. He married the daughter of John C. Calhoun, the noted Southern statesman.

LOCATION AND SIZE

The college is located on the former plantation of Calhoun and Clemson in the northwestern corner of South Carolina, 30 miles from the foothills of the beautiful Blue Ridge Mountains on Highways 123, 76 and 28. The college has grown from an institution of 446 students when it opened its doors in 1893 to the present day enrollment of 3,500. The campus proper contains nearly 30,000 acres.

THE PRESIDENT

Dr. Robert Franklin Poole became president of Clemson in 1940 succeeding the late Dr. Enoch Sikes. Dr. Poole was born in Laurens County, S. C., Dec. 2, 1893, and completed his undergraduate work at Clemson in 1916, before receiving his Ph.D. from Rutgers in 1921. The Clemson president spent 17 months in France and Germany with the aerial photography service during World War I before becoming assistant plant pathologist at the New Jersey Agricultural Experiment Station in 1920. He served in that capacity until 1926 when he came to N. C. State where he remained until he accepted the Clemson presidency. He is a past president of the Association of Land Grant Colleges and Universities, the Association of Southern Agricultural Workers and the Southern Association of Colleges and Secondary Schools.

PHYSICAL PLANT

Clemson's physical property has grown in leaps and bounds since World War II. During the past few years numerous new buildings have been added and others are in the master plan of the college. Constructed in the past six years have been buildings housing agricultural engineering, chemistry, ceramics, boiler plant, apartment hotel and faculty homes, laundry, a \$5 million dormitory and a \$3.7 million agricultural center.

EDUCATIONAL DIVISIONS

The college's main divisions include the Schools of Agriculture, Engineering, Arts and Sciences and Textiles. Graduate work can be obtained in most of the schools. Twenty-nine curriculums are offered in the four schools.

About the Coach . . .

Coach Frank Howard, Clemson's ever popular head man in or out of football season, begins his 18th season as "the boss" and his 27th as a member of the coaching staff. During his tenure of head coach the Tigers have won 91, lost 62 and tied 10, and four of his last nine teams have been to a major bowl, the last one being the 1957 Orange Bowl.

Howard is known throughout the trade as a highly successful coach. During his previous 17 years Clemson has fielded teams with a .500 or better average 10 times.

He was strictly a single wing man in his first 22 seasons, and even though the Tigers switched to the 'T' at the beginning of the '53 season, Howard still employs a lot of single wing tactics in his style of play. In the first four years under the "new look" Clemson has won 22, lost 15 and tied 3.

When Howard isn't coaching football, he can usually be found on the "roast beef" circuit giving out with some of his oft-quoted humorous sayings. He is a highly successful after-dinner speaker and is very popular with sports writers.

The Chiquola Manufacturing Company was founded in 1902. Through constant adoption of new ideas, new methods and modern machinery it has continued to grow and play an important part in the industrial progress of South Carolina.

During this long period of successful operation under the same management, Chiquola has produced more than ONE BILLION YARDS of cotton fabrics; it has purchased more than SIXTY MILLION DOLLARS worth of cotton from the farmers of the South; it has paid MILLIONS of dollars in taxes to the City, County, State, and Federal Governments; it has donated thousands of dollars to schools, churches, orphanages, and charitable organizations; and last but not least, it has paid more than THIRTY-TWO MILLION dollars in wages to the hundreds of fine people who have been on its payroll over the years.

Former CLEMSON MEN occupy important positions in our management and we are fully cognizant of the important part this outstanding institution is playing in the development of the South through the education of our leaders of tomorrow.

When autumn leaves are falling and the strains of "Tiger Rag" resound from the hills of the Blue Ridge, we lend our voice to the plaudits of the multitude with that old familiar refrain, "GO - TIGERS - GO."

P. C. - Clemson Rivalry . . .

This afternoon's game between Presbyterian and Clemson marks the first daylight affair between the two schools since Memorial Stadium was equipped for arc playing.

The match also marks the final game in the current series. The Tigers and Blue Hose have played 38 previous games and for the past 27 — this one makes No. 28 — the two state teams have always opened the season at Clemson. However, due to conference commitments and a request from ACC coaches for a round robin schedule, Presbyterian is being dropped.

Only two other teams, Furman and South Carolina, have played the Tigers more games than the Hosemen, and only the "Big Thursday" series outranks the PC-Clemson setto for continuous play.

Clemson holds the lopsided advantage in the series, 31-3-4, and has outscored its opponent nearly 8 to 1, but there has always been a close relationship between the schools.

Today Clemson will be going after its 14th straight opening day win over the Hose. Not since 1943 when Presbyterian upset Clemson.

13-12, has the Hose taken a game. The average score of these last 13 games has been 46.1 to 3.1 Clemson, but in the last four years, it averages out to 31.5 to 3.5.

This series between the two state colleges started in 1916 and lasted two years. It was picked up again in 1919 and continued until 1927 when two more years were missed. The 1930 game started the continuous run.

Presbyterian's best streak in the series came in 1925-26-27 when they beat the Tigers two straight times and played to a scoreless tie. A 7-7 deadlock also resulted in 1920, and tackle-for-tackle games were also played in 1931 and 1933.

Coach Walter Johnson, veteran athletic director at Presbyterian, was at the helm in that 1916 game. On that team was an outstanding end named Lonnie McMillian who was later to step up to head coach at Clinton. "Lonnie Mac" then retired and Bill Crutchfield took up the reins. Crutchfield is now at Furman and the Hose is in town with only its fourth coach, Frank Jones, in the long colorful series.

The P. C. Story - - -

By Ben Hay Hammet
Director, Public Relations and Alumni Affairs
Presbyterian College

Presbyterian College, now in the midst of one of its greatest periods of development under President Marshall W. Brown, has just completed a fund-raising campaign which assures an even more outstanding program for students of the immediate future.

Work already is underway on a new quarter-million-dollar student center which will provide unusual facilities for extra-curricular activities and leisure-hour entertainment. It will be completed by next June.

Plans are being drawn, meanwhile, for a new chapel-auditorium to serve as the center of religious and cultural activities on the Presbyterian College campus. It is to be added to the college plant soon after the student center.

These two new additions, designed to follow the Georgian colonial architectural theme of the campus, will rise on either side of a brand new dormitory recently completed to accommodate 96 students.

Presbyterian College, thus, is fortifying its sound academic program with an extension of plant facilities which will expand its capacity for service to its Church as well as to this state.

Much of what is being accomplished is the direct result of the Diamond Jubilee Development program, which closed recently after 18 months of intensive campaigning throughout the Synods of South Carolina and Georgia. This program brought in subscriptions totaling more than \$1,033,000 as Presbyterians throughout these two synods which control P C and alumni everywhere rallied to the occasion. There were almost 7,000 individual donors.

Even as the buildings go up and the endowment increases as a result of this program, Presbyterian College projects its plans on into the future and toward an even greater institution.

Is It Running On All Cylinders?

No matter how expensive a motor is, if it is not running on all cylinders, it's obviously not operating at maximum efficiency. The same thing can be said of a football team with its eleven "cylinders" and of a business such as ours.

For example, there are the "cylinders" of reasonable price — of good quality in workmanship and materials — of conscientious, dependable service — and finally of honest dealings, all of which if operating properly make for a well-run business.

We strive to keep our "cylinders" in good working order. This requires constant checking and eternal vigilance and a strong desire to keep on improving. We are thankful that this determination and effort on our part has brought us into the honored position of being one of America's outstanding specialists, not only in the manufacture of military school and college uniforms, but in the servicing of the contracts pertaining to them.

As the official supplier of uniforms to Clemson since 1950 we are proud to be represented in this football program and express the wish that the Clemson Tigers will continue to operate on all "cylinders."

More than anything else, a KitchenAid dishwasher brings you the precious gift of *time*. You have time to be a part of things—family fun and friends-after-the-game—secure in the knowledge that all's well in the kitchen.

Indeed, your dishes could not be in better care. Your KitchenAid is produced by Hobart—another way of saying it's *the finest made*. You'll see the evidence everywhere you turn: The new Timed Spray Cycle that "warms up" tableware and dishwasher interior, clears plumbing lines of cold water before the wash action starts. The easy-rolling, cushion-coated racks that take the guess out of loading. The revolving power wash system that leaves your

tableware *hospital-clean*. The separate blower that dries even fine crystal to perfection.

Yet—wonder of convenience—Hobart has contrived to work all these features into the *standard cabinet width*; you don't give up space you sorely need. By all means, see the new KitchenAid by Hobart. You'll find just the model to go with your kitchen, as surely as it goes with your way of life. And see the new food preparer and the electric coffee mill—they're KitchenAid, too!

See the new KitchenAid! Write The Hobart Manufacturing Co., KitchenAid Home Dishwasher Division, Dept. CFP, Troy, Ohio. In Canada: 175 George Street, Toronto, 2.
